New members were advised to introduce themselves to Ed if interested in helping out and fulfilling the required work hours. The club is interested in purchasing a generator to keep the club going in the event of a power failure. It will be for the clubhouse use only. The club will be insulated this month.

SAFETY

Dave reported that the defibrillator cabinet is in and will be installed. He has received reports that the door to the indoor range has been left open during shooting. The doors need to be completely shut while shooting on the range. Signs will be posted to this effect.

NEW-BUSINESS

Appropriations were requested for clay fill, loam, stone for drainage projects, and a generator were presented and approved by the membership. A director again stressed the importance of keeping the indoor range door shut. This is to keep the heat in the range. This is not being followed. The door is not to be left open to heat other areas of the downstairs area!

GOOD OF THE CLUB

Dom D'Agostino won the monthly drawing. He donated the money back to the club to benefit the fishing derby. Each month a member in attendance has a chance to win the prize. It pays to attend.

The meeting was adjourned at 7:26 PM
